Summary of Activities: The Field Services program is responsible for the supervision of all probationers and parolees in the State of Georgia. Community Supervision Officers are trained in handling both types of caseloads to provide seamless supervision to both probationers and parolees in their communities. Parole and Probation Supervision includes the drug testing, electronic monitoring, substance abuse treatment, fee collection, and parole supervision for all parolees. The amount of supervision required is based on evidence based practices that determine the risk factors for each probationer or parolee. This program also includes the Day Reporting Centers and Day Reporting Center Lites, which are six to 18 month treatment programs for offenders who have not responded to more traditional supervision and treatment efforts, as well as other programs such as Residential Substance Abuse Treatment Centers, among others.

Location: DCS has field offices throughout the State, which are organized by Judicial Circuits. DCS is currently in the process of further reducing its geographic footprint throughout the State and relying more on its virtual office model, focusing on reducing locations that are leased and not owned by the Department.

Noteworthy: DCS was created by HB310 (2015 Session), and was originally funded by a series of transfers. The Field Services program received transfers from the Department of Corrections (\$15,380,979 from the Probation Supervision program, \$128,142 from the Health program, \$1,251,734 from the State Prisons program, \$52,248 from the Administration program, \$2,000 from the Offender Management program) and the State Board of Pardons and Paroles (\$5,036,475 from the Parole Supervision program). An additional \$119,751,359 was originally administratively attached to DCS but was later fully transferred from GDC and SBPP to the Field Services program in FY2017. In FY2018, DCS officers were a part of the Statewide pay raises for State law enforcement officers.

Summary of Activities: Once offenders are in the custody of the Department of Corrections, the Offender Management Program is responsible for the inmate diagnostics and classification. This includes a comprehensive assessment of the needs and security risks of offenders upon state prison admission, as well as the assignment of offenders to certain security levels and institutional programs based on

these initial evaluations. This program also includes the Jail Coordination Unit, which is responsible for the pick-up of state-sentenced inmates from county jails, as well as the Tactical Squads, Canine Units, and Correctional Emergency Response Teams (CERT). The Offender Management program is also the home for the funding for payments to counties for State inmates housed in County Correctional Institutions (CCIs).

Location: Inmate diagnostic and classification assessments are primarily conducted at the Georgia Diagnostic and Classification Prison for males and Lee Arrendale Prison for women.

Noteworthy: In FY2020 \$1,800,000 was appropriated and \$1,800,000 in existing funds were utilized to provide a ten percent increase in the daily rate for CCI inmates. This increased the rate from \$20 per day to \$22 per day.

Location: The four current private prisons are Riverbend Correctional Facility (Milledgeville), Jenkins Correctional Facility (Millen), Wheeler Correctional Facility (Alamo), and Coffee Correctional Facility (Nicholls). D. Ray James closed in FY11 (Reduction of approximately 1,800 beds).				
Noteworthy: In FY2021 funding for the Private Prisons program was cut 9% in order to meet budget reductions.

Summary of Activities: The State Prisons program is responsible for Academic Education, Vocational Training, Work Details, Inmate Construction, Fire Services, Counseling, Chaplaincy, Cafeteria Services, Operations & Security, and Administrative Support for all State Prison facilities. The program also includes Substance Abuse Treatment and Pre-Release Centers, which are attached to many State Prisons.				
Location: There are currently 34 state prisons located in Georgia. Inmate Work Details, Fire Services, and Inmate Construction can have the inmates under supervision outside of the state prison and in local communities across the state.				
Noteworthy: Large reductions in this program can result in the inability to fund the required number of Correctional Officers needed to maintain safe State Prison environments. In FY2018, Criminal Investigators and Canine Handlers within the State Prisons program were a part of the raises for State law enforcement officers. Correctional Officers were not a part of the law enforcement pay raises. On August 18th, 2018 the Metro Reentry Facility in Atlanta officially opened. The repurposing of the former Metro State Prison, is to help deal with the gap in services for the sheer amount of returning prisoners in the Metro Atlanta, and the lack of programming to deal with all of these returning inmates. The Department will look to expand re-entry services to other areas of the State if the Metro Re-entry Prison is indeed an effective tool in helping further the Department’s Reentry initiatives.
